Guidance notes for Credalast Velvet and Credalast Classic Made to Measure Stockings

Credalast stockings are available on **Drug Tariff FP10**

Please ensure **Parts 1-4** are completed overleaf along with the **prescription** (each option below must be listed on the prescription)

- **Velvet or Classic** • **Compression Class** • **Colour** • **Open or Closed Toe**
- **Below Knee or Thigh Length** • **Quantity** for each leg

If you are a **Pharmacist**: email measurement form only

to **mtm@daylongdirect.co.uk** (scans or smart phone pictures accepted)

If you are a **Patient** or **Nurse Prescriber**: send measurement form and prescription to

FREEPOST RTHL-YUAG-GCST Daylong Direct, Credenhill Ltd,

Unit 5 Soloman Road, Cossall Industrial Estate, Ilkeston, Derbyshire, DE7 5UD

or send the prescription electronically to us as the appliance contractor using the **NACS code FJ708** and email the form to **mtm@daylongdirect.co.uk**

Stockings will be dispatched within **5 working days** of Daylong Direct receiving the form, providing there are no queries. If you need any further help please ring us on **0115 932 0144** our experienced team will be able to help.

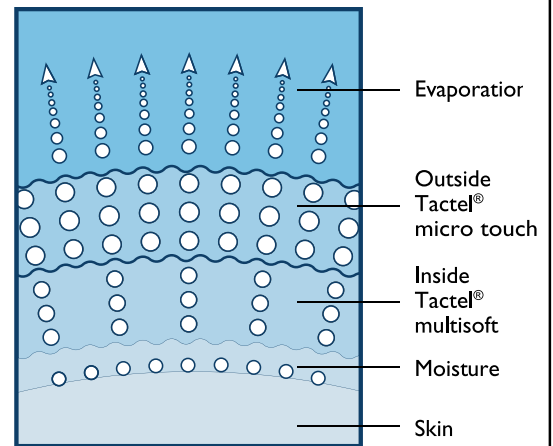

Daylong Direct currently offers a choice of two stockings, **Credalast® Velvet** and **Credalast® Classic** both developed from premium Swiss stocking manufacturing technology.

Credalast® Velvet

The first prescription Made to Measure stocking available with the Tactel® Climate Effect which wicks away moisture and improves air permeability, helping to keep an optimum skin balance regardless of activity.

Credalast® Classic

This traditional stocking offers a more conventional stiffness and style which suits many patients.

Application Aids

Some users may find it difficult to apply compression hosiery. For this reason we stock a range of highly useful application aids such as the Magnide (open and closed toe stockings) and Easy Slide (open toe only) to help improve the wearer experience.

Accessories

Thigh length stockings will need suspending as they are not manufactured with a self supporting top band. We offer the Credalast Suspender Belt which is available on Drug Tariff FP10 or the Credalast Y Shaped Suspenders. We can also provide Coltex - A skin adhesive which is designed to hold compression hosiery in place which can also be ordered via Daylong Direct.

Credalast® Classic and Credalast® Velvet are registered trade marks.

Tactel is a registered trade mark of Invista.
